OTHER BUSINESS

Beanies

- Idea presented to have Cromer Campus BEANIES for 2021 Winter Period. We all know Mr. Hong has a favourite beanie that comes out every year! 😊
- Mr. Hong will investigate this for us, will talk with the Uniform providers, and provide feedback at the 8th Sept P&C Meeting.

5G Towers

- JN shared concerns about 5G towers and their proximity to NBSC Cromer Campus. Please refer to the [Radio Frequency National Site Archive \(RFNSA\)](#) website for details on locations of 5G towers.
- Mr. Hong confirmed that no 5G tower would be within the school grounds.
- Mr. Hong also suggested P&C speak with Balgowlah Boys as they have a 5G tower in their school grounds. To get feedback from the Principal and P&C on any issues.
- MS will complete above action and provide feedback at the next P&C Meeting.

South Creek Road Crossing and Pull in area for drop off

- Recommendations submitted to the RMS and NB Council were deemed 'not necessary' (angry face emoji!!!!).
- MS has escalated and she and Mr. Hong are meeting with the Transport Network Manager on Monday 17th August to further discuss.
- Additional updates will be provided at the next P&C Meeting.

Sports Facility

- CH asked if a new Sports Facility was still on the Radar for NBSC Cromer Campus.
- JH1 advised previous discussions for partnerships had broken down.
- JH1 advised that some new discussions had recently started with Manly Basketball to look at the possibility of a Multi-Purpose gym that the school and council could use.
- JH1 also shared that budgets and proposals were being collated to put in place a COLA over the current tennis courts.
- CH asked about Cricket too, there are a shortage of Cricket nets for practicing along the northern beaches. JH1 said he would raise with Mr. Murphy who is in school on Thursdays, to see if this is something that could be supported within NBSC Cromer Campus oval grounds.
